Student Exchange with a community in Nunavut! We are exploring the potential for 10-12 of our high school students having an exchange with students in Nunavut in 2024. This has never been done in our local church community. What an experience this will be! If you know of a student(s) who would be interested in participating or if you or someone you know would be interested in helping pull this together, let us know by calling the parish office. This is a big project with long lasting results!
